MEMORANDUM FOR DIRECTOR OF ADMINISTRATION AND MANAGEMENT

SUBJECT: DoD Medicare-Eligible Retiree Health Care Board of Actuaries Charter Renewal

The DoD Medicare-Eligible Retiree Health Care Board of Actuaries is a federal advisory committee requiring a charter renewal every two years, by law. The Board's current charter was approved on December 11, 2008.

The Board's mission is to report to the Secretary of Defense annually on the actuarial status of the DoD Medicare-Eligible Retiree Health Care Fund; to review the Fund under 10 U.S.C. §1115; and to report periodically, not less than once every four years, to the President and Congress on the status of the Fund to include recommendations for funding modifications the Board considers appropriate and necessary to maintain the Fund on a sound actuarial basis.

The Board has diligently accomplished its mission during the last two years, including approving methods and assumptions for the valuation of the Medicare-Eligible Retiree Health Care Fund, and sending a report to the President and Congress on the Fund on December 30, 2009.

The DoD Boards of Actuaries were established to provide independent oversight of the valuations of the trust funds in their purview. Because contributions to and liabilities of these funds are extremely sensitive to the underlying assumptions, this responsibility must not rest with regular DoD employees.

The DoD Medicare-Eligible Retiree Health Care Board of Actuaries was established under the provisions of 10 U.S.C. § 113, and the Federal Advisory Committee Act of 1972 (5 U.S.C., as amended), and cannot be discontinued without changing that legislation.

The attached charter contains no significant changes from the current charter. Request that you approve the DoD Medicare-Eligible Board of Actuaries charter renewal.
